Use further sheets if required

Safety and Insurance Notice:

Once registered, teams will be sent further information, including a safety notice about the course. The course will not be marshalled or signed, and runners run at their own risk. The course includes short stretches on public roads (including A roads) which will not be closed. There are also two unmanned railway crossings. All team members will be asked to sign a safety notice and disclaimer before starting the run. This will be sent to teams once registered. As an informal, social run, runners will need their own insurance to take part in this event. For Horsham Joggers members, this is provided through Club membership.
