Use further sheets if required

## **Safety and Insurance Notice:**

*Once registered, teams will be sent further instructions, including a safety notice about the course. The course will not be marshalled or signed, and runners run at their own risk. The course includes short stretches on public roads (including A roads) which will not be closed. There are also two unmanned railway crossings. All team members will be asked to sign a safety notice and disclaimer before starting the run. This will be sent to team leaders once registered. As a self-guided, informal, social run, runners should take out their own insurance to take part in this event if required. For Horsham Joggers members, this is provided through Club membership.*

*Data protection: Horsham Joggers will store and use this info only for the purposes of administration of the 2018 Horsham Round and all in accordance with GDPR requirements.*
